

Dear Dr. Viji,

Thank you very much
for everything, the coordination;
the pre-op, the op itself
& post-op.

It all came with lots of
concern & care from you.

We are both very grateful
to you and God for
making it bearable for us.

May God Bless You &
Your Family!

So because of everything you are
and everything you do,
This is meant to send a lot
of heartfelt thanks to you.
